Put It Forward®

“Put It Forward gives me the ability to do data magic for every department and customer.”

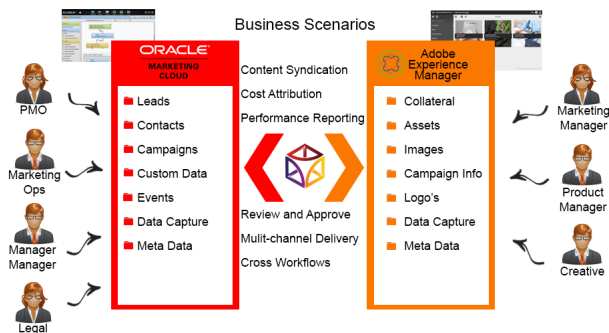

Udo Waibel - CTO Sitecore

Better Content - Better Campaigns

Put it Forward® is the solution that Oracle Marketing Cloud users look to for help with effective content management integration through Adobe Experience Manager®. This lets a user keep both marketing and the customer in the conversation and sharpen targeted marketing across the enterprise.

Common Scenarios:

- Complete content integration for Adobe Experience Manager® with multiple marketing automation systems
- Review and approve content across multiple systems
- Content syndication across multi-platforms
- Content collaboration between groups
- Multi-channel delivery and engagement
- Cross department work flow integration
- Developer participation
- Enhance forecasting models and reporting with deeper views of your campaign universe
- Data analysis to determine effective sales behaviors and close rates driven by marketing events

Adobe Experience Manager® and Oracle Marketing Cloud Integration

Put it Forward® enables the rapid connection and collaboration of business systems through on demand technology.

Designed for the marketing analyst, evangelist or operations specialist, Put it Forward's® “No Code” graphical experience accelerates and simplifies the ability to work with data.

Extend beyond connecting into operations governance, data quality and customer life cycle management. All within the same

Pre-Built Connections from Put it Forward® enable Oracle Marketing Cloud users to rapidly connect to other systems such as Cvent®, Adobe®, Salesforce®, SAP®, Microsoft Dynamics®, Netsuite® and many more. Helping improve operations, increase data quality and minimize IT costs while enabling their goal of having a deeper more meaningful customer experience.
